### Why Do You Need English Proficiency Tests?

When you apply for universities, work visas, or even permanent residency in English-speaking countries, they often ask for a language test score. These tests check if you can:

- Understand spoken English (Listening)
- Read and understand English texts (Reading)
- Write correctly and clearly (Writing)
- Speak English fluently (Speaking)

The three most popular English tests are:

- **IELTS (International English Language Testing System)**
- **TOEFL (Test of English as a Foreign Language)**
- **PTE (Pearson Test of English Academic)**

Each test has a different format, but all of them check your overall English ability.
